the society intends to act as an international forum of scientific discussion for all persons interested in pertinent issues on sturgeons while at the same time seeking opportunities for close co operation at an international level the vision for this society is to see stocks thriving once again in important sturgeon waters in the basins of

caspian asov black north and baltic seas rivers in siberia and china as well as in the great lakes region of the united states and canada in addition to other north american watersheds the society therefore hopes through its activities to enhance the understanding of species protection world wide and across national borders in regions with different cultural and political backgrounds using the highly endangered sturgeons as case examples in order to foster the sustainable use of natural resources that are traded globally

this book investigates the origins and development of the theory of four stages of liberation in pali literature this theory is an important soteriological cartography in early buddhism particularly theravāda buddhism amrita nanda challenges the traditional interpretation of the four stages by recognizing the impact of the changing socio religious factors on the theory's origins and subsequent development based primarily on the pali literary sources this study utilizes sometimes overlooked aspects of these texts this book first traces the origins of each stage individually then it traces the formation of the theory and its subsequent development

vols 1 44 include proceedings of the annual meeting 1889 1933 later published separately

each volume comprises one or more monographs many of which are issued also as separates

the volume for 1886 contains the proceedings of the conference on temperance legislation london 1886
